Liaison Details: (U) Biological Countermeasures Unit (BCU) was invited by Techonomy Media to attend a planning meeting on 11/19/2014. The meeting was used to generate ideas for an upcoming Techonomy Policy Conference scheduled to take place in June 2015 in Washington, DC.

Techonomy conducts conversations about the implications of technology's increasing centrality in business and society. As a result of BCU's outreach activities in the Synthetic Biology/Emerging Biotechnology Initiative, Techonomy staff provided BCU an invitation to participate in the aforementioned planning meeting and to possibly participate in the Techonomy Policy Conference in order to provide the law enforcement, biosecurity perspective.

The following individuals were also invited to the planning meeting and were present during the BCU presentation on its outreach activities and impact.
